

76th New England

Complex Fluids Workshop

Invited Speakers Lydia Bourouiba, MIT
Peter Beltramo, UMass Amherst

Industry Panel Darren Link, TorpedoDx
Roger Nassar, RAN Biotechnologies
Ani Nikova, Cabot
Oren Elrad, Apple
Andrew Ward, Confer Health

Friday, September 21, 2018

Shapiro Campus Center

Brandeis University

Waltham, Massachusetts

9:00 a.m. – 4:00 p.m.

Topics fluid fragmentation, sneezing, soft materials, foams, biomembranes.
Industry Forum – transition from University to Industry.

Objectives Intended for Soft Matter academic and industrial scientists in New England to share research results, network and promote collaborations.

Sound bites Two sessions of **4 minute** sound bites for first 25 registrants to highlight results from current research projects.

Organizer Seth Fraden, Complex Fluids Group, Brandeis University
