

84th New England

Complex Fluids Workshop

Friday, September 25, 2020

Zoom

9:30 am – 3:30 pm

Invited Speakers Benedetto Marelli, *MIT*
Linda Hirst, *UC Merced*

Industry Panel Dave Weitz, *Harvard*; Cristina Thomas, *3M*
Ning Li, *AbleTo Inc*; Jaime Hutchison, *Solvay*
Josh Blouwolf, *Abcam*; Kazem Edmond, *ExxonMobil*
Feodor Hilitski, *Ab Initio Software*; Jas Lee, *Wolf Greenfield*
Christopher Harrison, *Xilectric*; Max Zieringer, *Formlabs*
Ariel Michelman-Ribeiro, *CNA*; Roy Ziblat, *Harvard*

Sound bites Two sessions of **3 minute** sound bites for first 40 registrants to highlight results from current research projects.

Topics Nanomanufacturing of structural proteins; Active nematics.
Industry Forum – Navigating the transition from University to Industry.

Objectives Intended for Soft Matter academic and industrial scientists in New England to share research results, network and promote collaborations.

Organizer Seth Fraden, Complex Fluids Group, Brandeis University
fraden@brandeis.edu
