

28th New England

Complex Fluids Workshop

Invited speakers

Anne Dussaud, Unilever
Armand Ajdari, ESPCI
Alberto Fernando-Nieves, Harvard
TBA

Topics of invited talks

tactile sensations
liquid crystal emulsions
microfluidics

Objectives

These workshops are held to encourage discussion among researchers in the New England area who are studying soft condensed matter and to introduce students and postdocs to the local research community.

Sound bites

Two sessions of 5 minute sound bites are planned so that participants can highlight results from current research projects.

Organizer

Seth Fraden, Complex Fluids Group, Brandeis University
fraden@brandeis.edu

Website

complexfluids.org (registration required)

Deadline

September 12, 2006

Fee

\$20. Bring cash or check made to *Brandeis University*.

Sponsored by the Brandeis University Physics Department

Friday September 15, 2006

Shapiro Theater

Brandeis University

Waltham, Massachusetts

9:00 a.m. – 4:30 p.m.
